## PUBLIC ENQUIRY - CLASS A MEDICAL DEVICE REGISTER

### Class A Medical Device Search (Multiple criteria search is always AND condition)

#### Search Criteria

Dealer's Licence No Contains "ES0000398", Dealer's Name Contains "MERIT MEDICAL SINGAPORE PTE. L", Product Owner Name Contains "merit medical"

#### Search Results

	Dealer's Licence No	Dealer's Name	Dealer's Type	Product Owner Name	Name as per Device Label	Intended Purpose	Device Identifier	Country of Manufacturer	Sterile/Non-sterile
1.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TMA2	This accessory is intended primarily for mounting the transducer to the arm. It consists of one non-sterile adhesive pad and one strap (armband).	682267	Singapore	Non-sterile
2.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-HEART LUNG 60IN HEART LUNG	This transducer interface cable is intended for interfacing a blood pressure transducer with the electronic patient monitor that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.	684253	United States	Non-sterile
3.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-VTK DTS INTFC CA VITATEK	This transducer interface cable is intended for interfacing a blood pressure transducer with the electronic patient monitor that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.	684269	China	Non-sterile
4.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-XX 7IN INTFC CA NO CONN / INSUL BNS	This transducer interface cable is intended for interfacing a blood pressure transducer with the electronic patient monitor that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.	684279	China	Non-sterile
5.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-HP12 DTS INTFC CA HP 12PIN	The reusable Merit Interface Cable Model TC-HP12 is intended for use with Hewlett-Packard monitors interfacing with the Merit Disposable Transducer.	684081	Mexico	Non-sterile
6.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-XX DTS INTFC CA NO MON CONN	This transducer interface cable is intended for interfacing a blood pressure transducer with the electronic patient monitor	684109	Mexico	Non-sterile

7.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-SE NLY 18IN INTFC CA SIEMENS	that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.  This transducer interface cable is intended for interfacing a blood pressure transducer with the electronic patient monitor that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.	684240	Mexico	Non-sterile
8.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Systems, Inc.	Fluid Management System	The Fluid Administration Set (FAS) is a device used to transfer contrast media and saline from a container to a patient's vascular system.	FAS1072	Mexico	Sterile
9.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Systems, Inc.	Fluid Management System	The Fluid Administration Set (FAS) is a device used to transfer contrast media and saline from a container to a patient's vascular system.	FAS1260	Mexico	Sterile
10.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Systems, Inc.	Fluid Management System	The Fluid Administration Set (FAS) is a device used to transfer contrast media and saline from a container to a patient's vascular system.	FAS3072	Mexico	Sterile

#### Search Criteria

Dealer's Licence No Contains "ES0000398", Dealer's Name Contains "MERIT MEDICAL SINGAPORE PTE. L", Product Owner Name Contains "merit medical"

#### Search Results

Dealer's Licence No	Dealer's Name	Dealer's Type	Product Owner Name	Name as per Device Label	Intended Purpose	Device Identifier	Country of Manufacturer	Sterile/Non-sterile
291. ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Systems, Inc.	Miser Contrast Burette Assembly	The Merit Contrast Management System is intended for the vascular administration of contrast media and saline.	MISER1	Mexico	Sterile
292. ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	CATHETER CONN CABLE - SP4035-1	The Catheter Connector Cable is used in cardiac output measurements by providing a consistent interface with standard 14K ohm resistance thermodilution catheters and the specific Cardiac Output Computer. The cable tester attached to the cable is intended to simulate the resistance in a standard catheter and can be used to troubleshoot the system should a faulty condition arise.	684053	United States	Non-sterile
293. ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	IN-LINE INJECTATE SENSOR CABLE - SP4042	The In-line Injectate Sensor Cable is used in providing an accurate measurement of the injectate temperature of the bolus of solution injected during cardiac output measurement.	684056	United States	Non-sterile
294. ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	SNAP-ON TMM CABLE ORGANISER	The Snap-On TMM Cable Organiser is intended for use for the vertical pole mounting of the Transducer Background component (TBG) with mounted disposable transducers connected to reusable cables, and also intended for the vertical pole mounting of reusable cables and connector plugs.	682306	Singapore	Non-sterile
295. ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-EH INTFC E FOR M NO AMPL W/NEG CAL	This transducer interface cable is intended for interfacing a blood pressure transducer with	684111	United States	Non-sterile

296.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-SE HEMO 2CH INTFC CA SIEMENS ADAPTER	the electronic patient monitor that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.  This transducer interface cable is intended for interfacing a blood pressure transducer with the electronic patient monitor that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.	684236	United States	Non-sterile
297.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-DT DTS INTFC CA DATASCOPE	This transducer interface cable is intended for interfacing a blood pressure transducer with the electronic patient monitor that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.	684266	China	Non-sterile
298.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-HP12 DTS INTFC CA HP 12PIN	The reusable Merit Interface Cable Model TC-HP12 is intended for use with Hewlett-Packard monitors interfacing with the Merit Disposable Transducer.	684267	China	Non-sterile
299.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-SE/SC6000 DTS INTFC CA SIEMENS	This transducer interface cable is intended for interfacing a blood pressure transducer with the electronic patient monitor that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.	684273	China	Non-sterile
300.	ES0000398	MERIT MEDICAL SINGAPORE PTE. LTD.	Importer	Merit Medical Singapore Pte. Ltd.	TC-NAR DTS INTFC CA NAR(AIRSHIELD) AS100	This transducer interface cable is intended for interfacing a blood pressure transducer with the electronic patient monitor that it was specifically designed for as indicated by the individual cable labeling. The cable is designed to be compatible with 14kohms resistance monitors.	684091	Mexico	Non-sterile
