**816™ Cabin™ LT, Tear-Free Self-Adherent Wrap with Hand Tear**

## Nexcare™ no hurt wrap

- leaves no residue on skin when removed
- holds gauze, pads and other dressings in place
- tears by hand; no scissors required

For securing wound dressings in place, particularly on sensitive and fragile skin. Nexcare™ No Hurt Wrap adheres tightly to itself, not to your body or clothing. When it's time to take it off, the self-stick wrap comes off clean leaving no adhesive behind.

**Warnings:**  
 1. Do not place this wrap in direct contact with an open wound or place it over open or irritated skin.  
 2. Do not use on broken skin or over medical devices.  
 3. No Heat/Wrap MUST BE REMOVED AND REAPPLIED EVERY 24 HOURS. If signs of swelling, discoloration, pain, numbness, tingling or other changes in sensation occur, remove wrap immediately and consult your health care provider.  
 4. Do not place this wrap in direct contact with an open wound or place it over open or irritated skin.  
 5. Always wear the label, use only as instructed and do not use on your newborn professional.

**Indications:**  
 1. Clean wound thoroughly.  
 2. Cover wound with a sterile gauze pad.  
 3. Hold the end of the wrap over the pad.  
 4. Lightly stretch to hurt wrap and wrap around your hand. Be sure to stretch the wrap in place. Tear wrap by hand or cut with scissors.
