### Justification letter for warranty service

We, aap Implantate AG, Lorenzweg 5, 12099 Berlin, Germany, as the legal manufacturer hereby declare that warrant service is not applied for below medical devices, *please see the attachment "List of product families"*, because:

Most of the products are single used products. For reusable products: Reusable products can wear out as a result of use and lose their function. The integrity of the products must therefore be checked before each use. Worn out or functionally impaired products must be disposed of immediately. Influences of the reprocessing which lead to damage to the product are not known. End of life of a device is normally determined by wear and damage due to use. A careful visual and functional inspection before the next use is the best option to determine if a product is no longer functional.

The image shows a circular notary seal with a scalloped edge, featuring a central emblem and text around the perimeter. A red and white striped cord is tied around the seal. To the right of the seal is a handwritten signature in black ink, which appears to be 'Eberhardt'. Below the signature, the text 'Eberhardt, Notary' is printed in a standard font.
