To Whom It May Concern,

Address clarification for BIOBASE MEIHUA TRADING CO., LTD

I hope you are well and that you and your officials are coping with the on-going COVID-19 social distancing orders. I am writing to you to clarify an address issue that our partners are facing when applying for an import license in Vietnam

BIOBASE MEIHUA TRADING CO., LTD has a ISO 13485 issued by HXC (Beijing) Certification Center Co., Ltd, which has an address in a different format to the address they use on Certificate of free sale (CFS) as per below:

ISO 13485: Mingshui Economic Development Zone, Zhangqiu District, Jinan City, Shandong Province, China (Biobase Industrial Park in a intersection of East Jingshi Road and Mingbu Road)

CFS: Room 204 Comprehensive Building In Biobase Industry Park, North Side Of Jiwang Road, Mingshui Economic Development Zone, Zhangqiu District, Jinan City, Shandong Province, China

BIOBASE MEIHUA TRADING CO., LTD is a trading company and Biobase Biodustry (Shandong) Co., Ltd. is a production company, both of them belong to the BIOBASE Group. So both addresses belong to the BIOBASE group. I hope this letter is sufficient for all products from BIOBASE MEIHUA TRADING CO., LTD to gain approval for registration with Viet Nam. Due to registrations with other countries they are unable to change ISO 13485 or CFS.

Yours sincerely,

Sales Representative
Sophia Liu
