The innovative, gentle, friendly moisturizing formula gently cleanses the intimate area, does not cause dryness, and leaves a pleasant feeling of freshness:

Organic Rosa Damascene Flower water from organic roses hydrates the surface, refreshes, and has natural anti-inflammatory effects to help eliminate dryness, irritation, discomfort.

Glycerin and aloe vera extract - moisturizing ingredients - help restore natural elasticity to the surface of the intimate area.

Re-establish natural balance of beneficial microflora:  
Bioecological agent - biological agent - a probiotic that protects the natural epidermal microflora and neutralizes harmful microorganisms.

Apple cider vinegar extract and lactic acid: Natural apple cider vinegar extract combines lactic acid found in the wash gel, helping to support beneficial microorganisms, without affecting the quality of the natural acidic environment of the intimate area. Re-establish pH balance, reduce itching and fungal infection.
