

## DICHIARAZIONE DI CONFORMITA'

La ASSEL S.r.l., in qualità di ditta fabbricante, dichiara sotto la propria responsabilità che il dispositivo medico – diagnostico in vitro (IVD) soddisfa tutti i requisiti essenziali applicabili richiesti dall'Allegato I, come prescritto dall'Allegato III, della Direttiva Europea 98/79/CE recepita in Italia con D. Leg.vo 332 del 08/09/2000.

Inoltre dichiara che:

- Il dispositivo in oggetto soddisfa le disposizioni applicabili della Direttiva 98/79/CE.
- Il dispositivo non è riferito nell'elenco A e B dell'Allegato II della Direttiva.
- Si impegna a conservare e a tenere a disposizione dell'Autorità Competente il fascicolo tecnico specificato nell'Allegato III della Direttiva 98/79/CE nonché tutte le registrazioni di produzione e controllo di ogni singolo lotto di prodotto per un periodo di almeno cinque anni.
- Il dispositivo è progettato, fabbricato e posto in commercio nell'ambito dell'applicazione di un sistema qualità aziendale dichiarato conforme alle norme UNI EN ISO 9001 e UNI EN ISO 13485 secondo quanto prescritto dall'allegato III della suddetta Direttiva.

Dichiara, infine, di aver anche istituito e di mantenere un'ideale procedura per garantire la sorveglianza post – vendita come richiesto dalla medesima Direttiva.

I prodotti cui si riferisce la presente dichiarazione sono indicati nell'elenco di seguito allegato.

## DECLARATION OF CONFORMITY

ASSEL S.r.l., as manufacturer company, declares under its own responsibility that the vitro diagnostic medical device (IVD) meets all applicable essential requirements of Directive 98/79/CE transposed into Italian law by D.lgs 332/2000.

About warrants and represents that:

- The indicated device satisfies the provisions of Directive 98/79/CE.
- The device does not appear in A and B lists of Directive Annex II.
- It is committed to preserve and make available to the Competent Authorities the technical file of the product, as specified in Annex III of Directive 98/79/CE, as well as all production records and testing of each batch of product for a period at least five years.
- The device is designed, manufactured and marked in the application of quality management system found to comply with the UNI EN ISO 9001 and UNI EN ISO 13485 in accordance with the requirements of Annex III to that Directive.

The manufacturer also declares to have established and to maintain appropriate procedures to ensure the post – marketing surveillance as required by that Directive.

The products covered by this statement are indicated in the list attached hereto.
