Pikosan®

MAST

za nadraženu kožu

20g

nakon uboda insekata
te opekлина od
vlasulja i meduza

GB **Ingredients:** PETROLATUM, LANOLIN CERA, PROPOLIS EXTRACT, Excipients: Aloe Barbadensis Leaf, Chamomilla Recutita (Matricaria) Flower Extract, Lavandula angustifolia (Lavander) oil, Calendula latifolia herb oil, Calendula officinalis (Marigold) Flower Extract, Allantoin. **Intended use:** Pikosan® ointment moisturizes and soothes irritated and dehydrated skin. By creating a protective film promotes healing of minor injuries, after insect bites and jellyfish and anemones stings.

Instructions for use: apply the ointment to the problematic area two to three times a day to create a protective film. **Persons allergic to propolis should not use this product!** For external use only. Keep out of the reach of children. **Storage:** store at room temperature. **Net quantity:** 20 g. Batch number and Expiry date are printed on the package. **MEDICAL DEVICE.**  Consult instructions for use.
